

Miller Creek Middle School

Consent for Publication of Photographs

Our school has a website on the Internet. We also publish newsletters, brochures and other publications that showcase the many programs and projects at our school. Because we are aware of appropriate parental concerns, we are very careful not to identify students or give family names.

We believe we can convey the unique atmosphere of our school most vividly and accurately by the continued use of photographs.

Please fill out the section below, and return it to school:
